AIMS AND SCOPE

B-ENT is a scientific, open access periodical published in accordance with independent, unbiased, and double-blinded peer-review principles. The journal is the official online-only publication of the Royal Belgian Society of Oto-rhino-laryngology, Head and Neck Surgery and it is published quarterly in January, April, July, October. The publication language of the journal is English.

Throughout its history, the Royal Belgian Society of Oto-rhino-laryngology, Head and Neck Surgery, the home society of B-ENT, aims to disseminate both the scientific and the clinical knowledge of otorhinolaryngology field primarily in Belgium and its regions. In accordance with this aim, publishing a scientific journal has become the number one objective of the Society. Accordingly, B-ENT contributes to the scientific memory of Belgium considering its deep-rooted history.

The history of B-ENT traces back to 1890s in when the articles of the founders of the Society were published in the Bulletins of the "Société Belge d'Otologie et Laryngologie". In 1929, the title of the journal had been changed to "Journal Belge d'Oto-Rhino-Laryngologie" and in 1932 the title changed to "Bulletin". When the Bulletin stopped publication in the Second World War, a new journal Acta Oto-Rhino-Laryngologica Belgica was created in 1945. The first issue of Acta Oto-Rhino-Laryngologica Belgica is published in 1946 and it started to reach more of the country via university and library subscriptions. After 59 years, B-ENT was created as the continuation of Acta Oto-Rhino-Laryngologica Belgica and it has been continuing publication since 2005.

The aim of B-ENT is to publish original research papers of the highest scientific and clinical value in otorhinolaryngology, head and neck surgery and their related fields. The journal also publishes reviews, rare case report that include a concise review of the literature, protocol papers of innovative clinical trials in the field, clinical pearls, interesting images in ENT-HNS, letters to the editors, and papers presented at the meetings of the Royal Belgian Society of Otorhinolaryngology, Head and Neck Surgery.

The target audience of the journal includes healthcare professionals, physicians, and researchers who are interested or working in otorhinolaryngology, head and neck surgery fields.
